Grand Opening of the New Industrial Hose & Coupling Distribution Center

HOSE PROGRAM KICKS OFF WAREHOUSE OPENING

Jason Industrial is proud to announce our grand opening of the new Industrial Hose & Coupling Distribution Center in Carol Stream, Illinois. This newly-built facility is 60,000 square ft. and will handle orders for the U.S. and Canada.

To celebrate this occasion, we have put together the following program:

- Will involve the newest additions to our product line; series 4137 & 4138. These are the EPDM Rubber Hoses made here in the U.S.
- **Any** order of Series 4137 & 4138 for \$100 or more will receive a 4% discount. Orders placed on the Jason B-to-B online ordering site (for series 4137 & 4138 only), will receive an additional **3% discount**.
- This program will run until December 31, 2008.
- Prepaid shipping will remain at \$3,000. The EPDM Rubber Air Hose can be combined with other hose & coupling products to qualify for the prepaid freight.

FEATURES

- 1. EPDM Tube**
- 2. EPDM Cover**
- 3. Spiral Polyester Reinforcement**
- 4. Up to 700 ft. Reels**

BENEFITS

- * High Temperature Resistance (Up to 200°F, 93°C)
- * High Temperature Resistance (Up to 200°F, 93°C)
- * Abrasion Resistance
- * Ozone Resistant
- * Easier Routing
- * Easier to Handle
- * Allows for Variable Pressure Ratings (200 psi & 300psi)
- * Less Scrap
- * More Footage per Reel vs. Competition
